Summary

About this guidance

This is statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools. Schools and local authorities must have regard to it when carrying out their duties to safeguard and promote the welfare of children under section 175, of the Education Act 2002, paragraph 7(b) of Schedule 1 to the Education (Independent School Standards) Regulations 2014 and paragraph 3 of the Schedule to the Education (Non-Maintained Special Schools)(England) Regulations 2011.

This guidance replaces the [supplementary advice](#) that was issued by the Department for Education on 10 October 2014.

Review date

This guidance will be reviewed in January 2017.

What legislation does this guidance refer to?

- Childcare Act 2006
- The Childcare (Disqualification) Regulations 2009

Who is this guidance for?

This guidance is for:

- Local authorities
- Governing bodies of maintained schools, including maintained nursery schools, and proprietors of non-maintained and independent schools (including academies, free schools and alternative provision academies) and management committees of pupil referral units (PRUs).

Main points

The guidance sets out:

- The responsibilities of local authorities (in the exercise of their education functions) and schools;
- What they need to do to comply with the legislation;

- Who is covered – including the implications for staff who live in the same household where a disqualified person lives or is employed;
- The circumstances where staff¹ should be directed to apply to Ofsted to waive disqualification.

It also explains the responsibilities of:

- Training suppliers, such as initial teacher training providers who place trainees or students at a school who are working and are being trained in a relevant childcare² setting; and
- Agencies and third party organisations employing staff to work in relevant childcare settings in a school.

The arrangements set out in the guidance are additional to the arrangements in place to safeguard and promote the welfare of all children set out in [Keeping Children safe in Education](#) (KCSIE), the [Early Years Foundation Stage](#) (EYFS) and in [Working Together to Safeguard Children](#).

¹ For the purpose of this guidance staff includes individuals employed by the school or local authority, those undertaking training in schools (both salaried and unsalaried), casual workers and volunteers.

² The meaning of childcare is provided at section 18 of the Childcare Act 2006 (<http://www.legislation.gov.uk/ukpga/2006/21/contents>). The meaning of relevant childcare is explained further at paragraph 6 below.

Disqualification under the Childcare Act

1. The Childcare (Disqualification) Regulations 2009 (“the 2009 Regulations”) are made under section 75 of the Childcare Act 2006 (“the 2006 Act”) and set out the circumstances in which an individual will be disqualified for the purposes of section 75 of the Act. Section 76(2) of the 2006 Act, provides that a person who is disqualified under the 2009 Regulations may not provide relevant childcare provision or be directly concerned in the management of such provision (see paragraphs 6 and 15 below). Under section 76(3) schools are prohibited from employing a disqualified person in connection with relevant childcare provision in the settings set out at paragraph 6. An employer commits an offence if they contravene section 76(3) except if they prove that they did not know, and had no reasonable grounds for believing, that the person they employed was disqualified.

Disqualification criteria

2. The criteria for disqualification under the 2006 Act and 2009 Regulations include those set out in the list below:
- a) inclusion on the Disclosure and Barring Service (DBS) Children’s Barred List,
 - b) being found to have committed certain violent and sexual criminal offences against children and adults which are referred to in regulation 4 and Schedules 2 and 3 of the 2009 Regulations (note that regulation 4 also refers to offences that are listed in other pieces of legislation);
 - c) certain orders made in relation to the care of children which are referred to in regulation 4 and listed at Schedule 1 of the 2009 Regulations;
 - d) refusal or cancellation of registration relating to childcare,³ or children’s homes, or being prohibited from private fostering⁴, as specified in Schedule 1 of the 2009 Regulations;
 - e) living in the same household where another person who is disqualified lives or is employed (disqualification ‘by association’) as specified in regulation 9 of the 2009 Regulations;
 - f) being found to have committed an offence overseas which would constitute an offence regarding disqualification under the 2009 Regulations if it had been done in any part of the United Kingdom.

³ Except if the refusal or cancellation of registration is in respect of registration with a child minder agency or the sole reason for refusal or cancellation is failure to pay a prescribed fee under the 2006 Act (Regulation 4(1) of the 2009 Regulations).

⁴ Pursuant to legislation references in paragraph 17 of Schedule 1 to the 2009 Regulations.

3. The above list is only a summary of the criteria that lead to disqualification. Further details about the specific orders and offences which will lead to disqualification are set out in the 2009 Regulations.

Relevant offences and orders

4. Under the legislation a person is disqualified if they are 'found to have committed' an offence which is included in the 2009 Regulations (a 'relevant offence') this includes (a) being convicted of a relevant offence or (b) on or after 6 April 2007, being given a caution, reprimand or warning for a relevant offence.⁵

5. A list of the relevant offences referred to at 2(b) above and orders referred to at 2(c) above that lead to the disqualification of an individual (including 'by association') under the 2009 Regulations is set out in the tables included within this guidance. For new employees an up-to-date enhanced DBS certificate will help schools establish whether the offences committed by that individual are relevant offences. Further details of the disqualification 'by association' requirements are provided at paragraph 19 below.

Staff covered and relevant settings

6. Staff are covered by this legislation if they are employed and/or provide early years childcare (this covers the age range from birth until 1 September following a child's fifth birthday i.e. up to and including reception age) or later years childcare (this covers children above reception age but who have not attained the age of 8) in nursery, primary or secondary school settings, or if they are directly concerned with the management of such childcare. This includes:

- Early years provision - staff who provide any care for a child up to and including reception age. This includes education in nursery and reception classes and/or any supervised activity (such as breakfast clubs, lunchtime supervision and after school care provided by the school) both during and outside of school hours for children in the early years age range; and
- Later years provision (for children under 8) - staff who are employed to work in childcare provided by the school outside of school hours for children who are above reception age but who have not attained the age of 8. This does not include education or supervised activity for children above reception age during school hours (including extended school hours for co-curricular learning activities, such

⁵ A person who is found not guilty of a relevant offence by reason of insanity or found to be under a disability and to have committed the act for which they have been charged in respect of a relevant offence is also disqualified (Regulation 2(2) of the 2009 Regulations).

as the school's choir or sports teams) but it does include before school settings, such as breakfast clubs, and after school provision.

7. This means that staff employed who work in the following roles are not covered, i.e. staff who:

- only provide education, childcare or supervised activity during school hours to children above reception age; or
- only provide childcare or supervised activities out of school hours for children who are aged 8 or over; and
- have no involvement in the management of relevant provision.

8. In relation to staff employed by childcare providers (i.e. not employed by the school or local authority) who hire or rent school facilities or premises, schools should ensure that such providers have appropriate policies and procedures in place in regard to safeguarding children, including under the 2009 Regulations.

9. Staff such as caretakers, cleaners, drivers, transport escorts, catering and office staff, who are not employed to directly provide childcare, are not covered by the legislation. Similarly most staff who are only occasionally deployed and are not regularly required to work in relevant childcare will not automatically come within the scope of the legislation. Schools and local authorities should exercise their judgement about when and whether such staff are within scope, evaluating and recording any risks and control measures put in place, and taking advice from the school or authority's HR provider, Local Authority Designated Officer (LADO), safeguarding lead officer or adviser when appropriate. A record of the assessment should be retained on the employee's personnel file.

10. Anybody involved in any form of health care provision for a child, including school nurses, and local authority staff, such as speech and language therapists and education psychologists, are specifically excluded from the statutory definition of childcare, and are therefore not covered by the legislation.

11. Where centrally employed local authority staff are deployed to work in relevant childcare settings in schools (for example peripatetic music teachers or special needs teachers) it is the responsibility of the local authority to ensure that such staff are compliant with the requirements of the legislation explained in this guidance.

12. Where schools or local authorities use staff from any agency, or third-party organisation, to work in relevant childcare in schools, or contract out such childcare, they must obtain confirmation that the agency or organisation providing the staff has informed them that they will be committing an offence if they are deployed to work in relevant childcare, or are directly concerned in the management of such provision, if they are disqualified under the 2009 Regulations. This should include the provider requesting that

their staff inform them if they consider that they could be disqualified under the legislation.

13. Where the school deploys a contractor who is self-employed to work in relevant childcare provision, the school must ensure that they are compliant with the requirements of the legislation explained in this guidance.

14. The requirements in paragraph 12 also apply where training suppliers, such as initial teacher training providers, are placing trainees or students at the school, who are working and/or being trained in a relevant setting. Where trainee staff are salaried, for example on employment based teacher training programmes, it is the responsibility of the school to ensure that they comply with the legislation. If a salaried trainee is disqualified from childcare, schools should inform the training provider of this. Where trainee staff are not on a salaried programme (i.e. fee or self-funded students), it is the responsibility of the training provider to conduct the relevant checks to ensure that trainees placed in schools are not disqualified from childcare or that they have obtained a waiver from Ofsted.

15. Staff who are directly concerned in the management of early or later years provision are covered by the legislation. Schools will need to use their judgement to determine who is covered, but this will include the headteacher, and may also include other members of the school's leadership team and any manager, supervisor, leader or volunteer responsible for the day-to-day management of the provision.

16. School governors and proprietors are not covered by the legislation, unless they volunteer to work in relevant childcare on a regular basis, or they are directly concerned with the day-to-day management of such provision. Further guidance on the safeguarding arrangements covering governors and the safeguarding responsibilities of governing bodies and proprietors is provided in KCSIE. Additionally school governors in maintained schools are disqualified under the 2006 Act from holding office in maintained schools under the School Governance (Constitution) (England) Regulations 2012.

17. Volunteers and casual workers who are directly concerned with the management of childcare provision, or who work on a regular basis, whether supervised or not, in relevant childcare, are within the scope of the legislation and are covered by this guidance.

What this means for schools and other employers⁶

18. Schools must ensure that they are not knowingly employing a person who is disqualified under the 2009 Regulations in connection with relevant childcare provision. In gathering information to make these decisions schools must ensure that they act proportionately and minimise wherever possible the intrusion into the private lives of their staff and members of their household. Accordingly, schools must ensure that they handle data fairly and lawfully and take care not to breach the Data Protection Act 1998 (DPA), the Rehabilitation of Offenders Act 1974 (ROA) and the Human Rights Act 1998.

19. Schools are responsible for ensuring that anyone who falls within the relevant categories of staff described above at paragraph 6 is made aware of the legislation, including that they may be disqualified 'by association' under regulation 9 of the 2009 Regulations where they live in the same household as a disqualified person or in a household in which a disqualified person is employed.

20. Schools must make these staff aware of what information will be required of them and how it will be used to make decisions about disqualification. Schools are free to decide how to bring these requirements to the attention of their staff. As a means of making staff aware of their duty to provide such information, they may for example choose to include a section in the school's safeguarding policy, or another policy document, or by means of an addition to new staff members' contracts of employment. Schools should draw this guidance to the attention of their staff and the information provided by Ofsted referenced in this guidance.

21. In addition to ensuring staff are made aware of the relevant legislation, schools need to take steps to gather sufficient and accurate information about whether any member of staff in a relevant childcare setting is disqualified by association. It is not necessary for schools to ask staff to complete a self-declaration form to obtain this information and about whether a staff member is disqualified.

22. Where schools decide to adopt the approach of using a self-declaration form, it is important that the questions posed in the declaration are relevant and limited to the requirements of the legislation, e.g. cautions or convictions for a relevant offence; where a care order is issued with respect to a child who has been in the person's care; or whether they or anyone living or employed in their household is named on the DBS Children's Barred List. It is important that schools avoid asking for information that is not relevant to ensure that they are not in breach of data protection legislation. They should avoid asking for medical records, details about unrelated or spent convictions of household members, DBS certificates from third parties, or copies of a person's criminal

⁶ For the purposes of this guidance, hereafter references to the requirements and recommendations for schools also apply to local authorities, teacher training providers, employment agencies and other organisations employing staff to work in relevant childcare.

record. Schools should inform their staff that when responding to questions about their cautions or convictions, they do not need to provide details about any protected cautions or protected convictions and that they are not required to disclose the spent cautions or convictions of a person who lives or is employed in their household. See paragraphs 29-34 below for information on this.

23. It is vital that schools do not ask staff or third parties to make requests for their criminal records in connection with employment, as this will amount to an enforced subject access request which will be an offence under section 56 of the DPA from 10 March 2015. The Information Commissioners Office (ICO) will be seeking to take prosecutions against organisations who commit this offence. Further information about section 56 is provided in [ICO](#) guidance.

24. Schools must keep a record of those staff who are employed to work in or manage relevant childcare and should record the date on which disqualification checks were completed. Schools should ensure that in maintaining records they comply with the requirements of the DPA. In particular they should not store personal data or sensitive personal data about household members without their consent, and they should ensure that any information is kept to a minimum, is accurate and is only stored for the minimum period of time necessary. Schools may choose to keep this information as part of the single central record, or maintain a record separately. Ofsted and the independent inspectorates will check this as part of the normal school inspection process.

25. To help schools comply with the requirements of the DPA, where a school retains personal information that is relevant to disqualification this should be kept on the personnel file. Substantive details of criminal records checks should not be retained and information that is provided to schools that is not relevant should be destroyed. Guidance on data protection issues for employers carrying out criminal records checks is provided in the [ICO's](#) *Employment practices code of practice*.

26. In order to identify cases where a staff member working in relevant childcare settings may be disqualified 'by association', schools must ask only those staff to provide, to the best of their knowledge, information about someone who lives or is employed in their household. It is important that where information is obtained about third parties that the individual to whom the information relates is clearly informed about how, and for what purpose, the school will use their information. Schools must be certain that the information provided is adequate, accurate and relevant to their enquiries and where information is provided in error, or is not relevant, e.g. unspent caution or conviction which is not listed as a relevant offence, it should be destroyed. Schools must make sure that they do not require staff to breach the requirements of the DPA or the ROA.

27. Schools must be mindful of their obligations for handling personal data under the DPA and should act accordingly. Advice on handling data is provided in the [ICO's](#) *Guide to data protection* and further information is available from the ICO (at <https://ico.org.uk>).

28. Schools must ensure that their procedures make the requirements of the legislation clear and should explain to new and existing staff working in relevant childcare that they should inform the school if their circumstances change. Schools that choose to add information pertaining to disqualification into their policies should alert all staff to the addition, for example via a staff bulletin or an e-mail.

Disclosing offences - spent and protected cautions and convictions

29. When schools are considering the relevant offences, including those relating to individuals who are living or who are employed in the household where the staff member lives, they must take into account the ROA. The ROA allows criminal convictions, cautions, and youth cautions (formerly reprimands and final warnings) to be considered spent after a specified period of time known as the rehabilitation period, which is decided by the sentence or disposal received. Sentences of over 48 months and public protection sentences (regardless of the length of sentence) can never become spent. Guidance on the ROA is available [here](#).

30. The vast majority of roles in schools and relevant childcare settings are exempt from the ROA. Individuals working in these settings are therefore covered by the Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 (as amended in 2013) ('the Exceptions Order'); as a result, they are normally required to disclose all their convictions and cautions, including those that are spent. The exception is that certain minor cautions and convictions are 'protected' for the purposes of the Exceptions Order, which means they are not subject to disclosure to employers and they are removed or 'filtered' from standard or enhanced DBS certificates.

31. The majority of offences that lead to disqualification under the 2009 Regulations will never become protected, which means that they must always be disclosed by a member of staff employed to work in relevant childcare, and they will not be filtered from the DBS certificate. The DBS has produced a list of specified offences that will never be filtered, which is [here](#).

32. Schools should inform their staff that when responding to questions about their cautions or convictions, they do not need to provide details about any protected cautions or protected convictions. Staff working in childcare are entitled to respond to a question relating to their criminal record as though it only relates to cautions or convictions that are not protected. Guidance provided [here](#) by the DBS will help schools understand the old and minor cautions and convictions that do not need to be disclosed.

33. Schools should be aware that under the ROA, employees cannot be required to disclose spent cautions and convictions relating to individuals who live or are employed in the same household as them. Accordingly, schools should inform staff that they are not required to disclose the spent cautions or convictions of a person who lives or is employed in their household. Staff working in childcare are entitled to respond to a question relating to the criminal record of a person who is living or is employed in their household as though it only relates to 'unspent' cautions or convictions that are included on the list of relevant offences.

34. Schools may wish to consider obtaining professional advice from their HR provider, LADO, or safeguarding lead officer or adviser to help them establish whether

staff with relevant cautions or convictions are disqualified from working in relevant childcare.

Application for an Ofsted waiver from disqualification

35. Where schools, receive information and are satisfied that an individual working in a relevant setting falls within one of disqualification criteria in the 2009 Regulations they must inform Ofsted (using disqualification@ofsted.gov.uk). They should tell the relevant individual that Ofsted has been informed and explain the implications of disqualification to the individual, including whether they can apply to Ofsted for a waiver of disqualification (for example, Ofsted cannot grant a waiver to an individual who is on the Children's Barred List) and make clear what information the individual will need to share with Ofsted and why. When communicating these matters to a staff member schools should consider taking advice from their HR provider, LADO, safeguarding lead officer or adviser.

36. Schools should explain to the individual that details about how to make an application for a waiver, and a copy of the form, can be found in the Ofsted fact sheet: [Applying to waive disqualification: early years and childcare providers](#). Ofsted will need the individual to complete the waiver application accurately and fully and will need information about the individual, or about any person who lives or is employed in their household who satisfies the disqualification criteria. This should include, where this information is available or known:

- details of any order, determination, conviction, or other ground for disqualification from registration under the 2009 Regulations;
- the date of the order, determination or conviction, or the date when the other ground for disqualification arose;
- the body or court which made the order, determination or conviction, and the sentence (if any) imposed; and
- a certified copy of the relevant order (in relation to an order or conviction). Schools should not request DBS certificates from third parties, or copies of a person's criminal record obtained directly from the police, prison, probation service or courts, as this would be considered an enforced subject access request – which from 10 March 2015 will be a criminal offence.

37. A school must not continue to employ an individual who is disqualified, including 'by association', in connection with early or later years childcare provision, nor should a disqualified individual provide or be directly concerned in the management of such provision unless they have received a waiver from Ofsted which covers the role that they wish to undertake. This does not imply that individuals are prevented from working in a school in any other setting.

38. When making decisions about the redeployment of staff schools should take into account the risk of harm to children concerned and their obligations under the 2006 Act, the EYFS, KCSIE guidance and any other relevant safeguarding guidance.

39. Whilst a waiver application is under consideration schools will need to decide whether it is appropriate to redeploy staff elsewhere in the school, or make adjustments to their role to avoid them working in relevant childcare. This means that a member of staff could be disqualified from working with children of reception age or under in a school, but could work with children aged 6 and 7, provided they were not working with them in childcare provision outside of normal school hours.

40. Schools should consider taking advice from their HR provider, LADO, safeguarding lead officer or adviser on these matters. Local authorities and academy trusts may also be able to consider making alternative arrangements, including for example a temporary alternative job role in another school. Where alternative arrangements cannot be made or it is not appropriate to do so, the school will need to consider whether to grant paid leave or similar, or as a last resort suspend the member of staff, while the waiver application is under consideration.

41. Where an individual decides not to apply for a waiver, or a waiver is declined, schools will have to consider and make decisions about whether the individual could be permanently redeployed, the appropriateness of redeployment, or whether steps should be taken to legitimately terminate their employment.

Further help

42. Further help on how the childcare disqualification arrangements should be applied in schools can be obtained from the Department for Education by email Mailbox.disqualification@education.gsi.gov.uk; or by telephone – 01325 340 409.

43. Any enquiries about the waiver application process should be made to Ofsted using the disqualification@ofsted.gov.uk mailbox, which is included in the factsheet referred to in paragraph 36.

Table A – Relevant offences

Offences mentioned in Regulation 4 of the Childcare (Disqualification) Regulations 2009 (the ‘2009 Regulations’) that will lead to disqualification.

This list was put together on 24 February 2015 and has not been updated since then. It is a list of offences that are mentioned in regulation 4 to the 2009 Act only and is not a comprehensive list of all offences that would lead to disqualification (note in particular that offences that will lead to disqualification under Regulation 5 (overseas offences are not covered in this list). *Please also note that the references to certain legislation (marked *) from jurisdictions outside of England and Wales are still being verified and may be subject to amendment.*

There are three columns setting out:

- the statutory reference to the offence;
- a brief description of the offence (which may not be the official or only description); and,
- any conditions that apply in the disqualification regulations (e.g. that the offence will only lead to disqualification if it was committed against a child).

Where the disqualification regulations specify that the offence only leads to disqualification in certain UK jurisdictions, this is specified in the 3rd column.

Links have been provided to the latest publicly available version of the legislation where possible. Please note that this version may not include the latest amendments to the legislation.
