

Dear Parents

The Reading Rocks Challenge 2019 - 2020

We have launched a new Reading Rocks challenge this year and your child should have the new booklet in the reading record. The challenge is designed to encourage our children to read a wide variety of books, challenge themselves to try a new author or a read book that they would not normally choose to read. The challenge has started this week and will finish on Friday 20th December 2019. The idea is to choose a category, read/share a book that fits the category, record the title of the book, the author and the date it was read (or finished!). We would like to encourage the children to read new books not go back and read books they have already read or record books that they have already finished. The challenge starts now! We will award certificates when certain milestones have been reached (see below).

5 books – Asteroid Award

8 books – Comet Award

12 books – Meteor Award

18 books – Satellite Award

When your child has reached the first milestone (5 books) they must show their challenge record to their teacher. They will be asked to talk about one of the books they have read. Certificates will be given out in an assembly after their teacher has seen their record.

We have provided some suggestions of books that you may consider reading on the back of the challenge record. These are for guidance only!
