

# Art Challenges EYFS

## Printing

Create an artwork by printing with toilet roll tubes. Ask an adult to help you cut the rolls like the ones in the picture and keep some as circles. Use some old plates or containers and put some paint in. Dip your toilet rolls and then print onto your paper!

**Flowers**

You could make flowers or just patterns.

## Scribble Art

On a piece of paper make your pencil go for a walk, make it wiggle about the page and don't take it off! Go up, down and all around. Once you have lots of wiggles, colour in the shapes you have made using felt tips, pencils or whatever you like. Cut around the edge and stick it on some coloured paper to finish.

## Patterned Fish

Ask a grown up to help you draw some simple fish shapes like these and cut them out, cardboard works well. Then use paints or collage materials to decorate them with different patterns, Try spots, stripes, zig zags or even swirls!

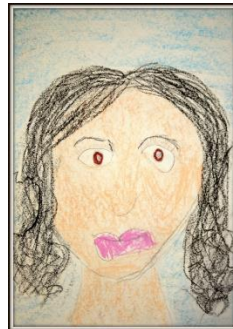

## Nature art

Create an artwork using things you can find outside. You can make it into a picture of something or it could be a pattern. You could use things like flowers, petals, leaves, pebbles, stones, twigs, grass or anything else you can find. You could stick it to paper or just take a photo and then make it into something else!

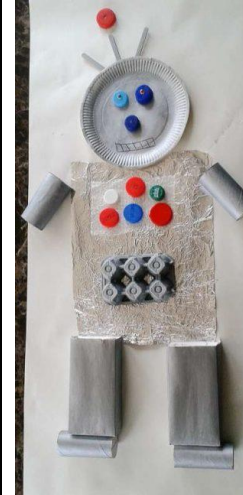

## Draw a portrait

Draw a picture of someone you live with. Ask them to sit nice and still in front of you and look carefully at them as you draw. Make sure to include all the details and then to colour using colouring pencils, using the right colours.

## Robot Junk picture

Make a junk picture robot. Use anything you can find in the recycling box. You could also use tin foil. Stick it to paper with glue.

## Patterned Bugs

Create a bug using the steps above!

## Favourite animal

Draw or paint a picture of your favourite animal. It could be a pet, a wild animal, a bird, an insect or anything else you like! Ask your grown up to find a picture of one in a book or on the internet to help you see exactly what it looks like. When you draw, look really carefully and draw what you see!

## Make a snail

You will need a pebble, some googly eyes or buttons and some play dough. Draw a pattern on the pebble using felt tips. Roll a sausage of dough and put your googly eyes or buttons at one end to make eyes. You could make a whole family of snails!
