

TERMLY TOPIC: APRIL/MAY 2021

The Termly Topic for this term is anything based on the theme of **SENSES**

Humans have five basic senses: touch, sight, hearing, smell and taste. The sensing organs associated with each sense send information to the brain to help us understand and perceive the world around us.

Be as creative with the theme as you like. You may create models or paintings, take photographs or design your own science experiment. You **MUST** make sure that something is in your book as a record of your topic. This could be a photo of your work or you could write about what you did! However, you may also like to do the whole topic in your book; it is up to you!

You may want to base your project on one or more of the senses, or even all of them!

This is compulsory for Y4, Y5 and Y6 and optional for all other year groups. The topic should be physically handed in or e-mailed to school by **Friday 21st May 2021**.
