

Year 1 – Maths Home Learning Ideas

Spring Term 3

This term, please practise with your child:

- Know pairs of numbers (number bonds) to make 7 (e.g. $3 + 4$) Subtraction facts for bonds to 7 (e.g. $7 - 2 = 5$)
- Know pairs of numbers (number bonds) to make 9 (e.g. $2 + 7$) / Subtraction facts for bonds to 9 (e.g. $9 - 5 = 4$)

Top Tips!

- The secret to success is practising little and often. Can you practise these facts on your walk or drive to school?
- Fact of the day - you don't need to learn there all at once.
- 'Free facts' – If you know that $6 + 4 = 10$ then you know that $10 - 4 = 6$

Key Vocabulary

number bond	two numbers added together to make another number (e.g. $2 + 3 = 5$)
partitioning	splits (partitions) numbers into smaller parts

Here are some ideas to help you do this:

	Further explanation / Ideas of how to practise
Number bonds.	<p>Number bonds – two numbers that add together to make a whole. e.g. $5 = 1 + 4$ or $3 + 2$</p> <p>Play games matching pairs with playing of numbers together to make a bond (ie. 5 and 2 to make 7); roll a dice and say the other number (the complement) to make the bond.</p> <p>Use pegs and a coat hanger to create the number bonds</p> <p>Create a rainbow of the 'bonds'</p>
Subtraction facts	<p>Subtraction facts for number bonds – the reversal, e.g. $5 - 2 = 3$, $5 - 1 = 4$</p> <p>Play 'Kims' game with number bonds – needs to be quick!</p>

Online Activities

The school has subscribed to NumBots. NumBots is an online platforms to help your child practise maths facts at home. They both can be downloaded as apps on your phone or tablet Your child has a username and password. This is stuck in their reading record

A website packed full of useful Maths and English games.

Numberblocks! Watch and play games with the Numberblocks.

Maths Games to play at home!

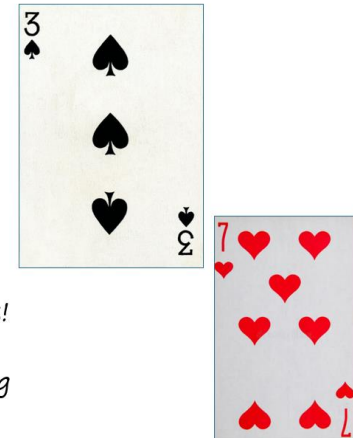

Bingo!

- Both players draw a grid with 6 boxes.
- Choose 6 numbers from 1 to 10 from the times tables
- Roll a 10-sided dice (Google Virtual Dice) (e. 2)
- Cross off the complement to make 10 (e.g 8. $2 + 8 = 10$)
- First to cross out all 6 wins!

1	4	3
7	8	9

Pairs

- A game for 2 people. Shuffle a pack of playing cards. Lay all the cards down flat
- Each player takes two cards
- Add the two cards together to try and make 10. If the 'pairs of cards' make 10, the player keeps them, if not return to the table.
- The player with the most cards wins!

You can change this game by changing the target number.

For more game ideas go to the school website for the 'Bare Necessities' game packs <https://stratford-sub-castle.wilts.sch.uk/maths-at-home/>
